BREAK IN RANKS OF TEAMSTERS

Indications that Chicago Strike Will be Declared Off in Near Future

MANY HAVE APPLIED FOR RE-EMPLOYMENT

Plan is to Refer Question to International Brotherhood.

Additional Evidence of Conspiracy Has Been Obtained By Grand Jury Which is Investigating Graft Charges and Responsibility For Killing of Non-Union Drivers.

By Associated Press. Chicago, June 19.—Indications today are of a probable break in the ranks of the striking teamsters. Quite a number have applied individually for their former positions, but none were given work because the employers wished to consult other members of the Employers' Association. It is admitted at union headquarters that such applications for work have been made. "When the strike is officially declared off."

The joint council is to meet to-night and the peace party in the ranks will endeavor to force the ending of the strike. The plan is to refer the question to the executive board of the International Brotherhood of Teamsters with power to act. If this effort fails the employees will be made to appoint a committee, leaving out Shea.

Additional evidence of conspiracy has been obtained by the grand jury which is devoting attention to the graft charges and to finding out who is responsible for the killing of non-union drivers during the strike. Geo. K. Wenig, of the Wenig Teamstering Company, said to-day:

"Many of my old teamsters have asked for their positions. Not one of them said anything about deliveries to the boycotted firms. I have done nothing yet in the matter, and shall not do anything until I consult with other employers."

Negotiations are in progress between the Freight Handlers' union and more than a score of railway companies for a new agreement. One of the members of the organization is demanding an increase in wages amounting to 10 per cent. The scale now ranges from \$1.75 to \$2 a day, and the present agreement expires on July 1.

ST. MICHAEL'S IS NOW FREE OF DEBT

This Announcement Was Made at Services Sunday Morning by Rev. Father Fullerton.

St. Michael's church and parish is now free from all indebtedness and the members of that church are congratulating the pastor, Rev. Father Fullerton, upon the accomplishment of such an act, which was considered almost impossible.

The indebtedness on the parish and church amounted to over \$6,000. This was at the time that Father Fullerton was transferred from St. Joseph's church to St. Michael's, and he at once proceeded to clear the church of the debt incurred in erecting the present handsome structure. Although handicapped to a certain extent he began work with a will, and with the assistance of some of the members succeeded before the expiration of the first year of his pastorate in wiping out the entire debt.

This announcement was made Sunday morning at the regular service, and came as a surprise to hundreds of the members, who were still under the impression that the church was heavily indebted.

Father Fullerton has been in Pensacola for many years, and has endeavored himself to those connected with his church, and his success in raising the

Personal Wish and Will as Emperor to Summon Assembly Unshakable. Individual Members of Delegation Graciously Greeted—Delegates Fully Satisfied With Assurances.

By Associated Press. St. Petersburg, June 19.—Emperor Nicholas to-day received a delegation of Zemstvos at Alexander palace. Prince Troubetsky, president of the Zemstvo congress of the Moscow government, addressed the Emperor in a long speech in which he discussed the serious conditions existing in Russia which caused the Zemstvos to approach their emperor directly.

The emperor was much impressed and following other speakers, replied, expressing deep regret at the great sacrifices consequent upon war and above all at the recent disaster to the Russian navy.

Concluding the emperor said: "Thank you, gentlemen, for the sentiments expressed. I join you in the desire to bring about a new order of things. My personal wish and my will as emperor to summon a national assembly is unshakable. You can announce this to the inhabitants of the towns and villages throughout Russia and from to-day you will assist me in the new work. A national assembly will establish united Russia and the emperor will be supreme in support of conditions based upon the principle of Russian nationalism."

The emperor graciously greeted the individual members of the delegation, omitting none, who expressed themselves fully satisfied with the royal assurances.

EXCITEMENT OVER RUN ON A BANK

By Associated Press. Akron, O., June 19.—Considerable excitement was caused today over a big run on the Second National Bank. The run started Saturday afternoon.

One of the depositors saw the daughter of one of the officials of the bank withdraw her deposit and from this a rumor started that something was wrong. \$500,000 has been withdrawn since Saturday afternoon. The officials are not trying to stop the run but are paying out the money as fast as depositors call for it.

Continued Improvement in Franco-German Situation

By Associated Press. Paris, June 19.—There is an improvement in the Franco-German Moroccan situation today, officials expressing the opinion that the crisis has passed and the affair is now on the way toward speedy adjustment on the basis of the conference within defined limits.

A dispatch from Metz denies the semi-official statements relative to quiet prevailing among military forces along the frontier. It says there is activity on both sides with great interest on the result of the diplomatic negotiations.

NEXT PEACE MOVE MUST COME FROM BELIGGERENTS

Japanese Minister and Russian Ambassador Both Call Upon President—Negotiations Proceeding Smoothly—Russian Army Outflanked and Forced to Evacuate Positions and Retreat.

By Associated Press.

Washington, June 19.—There are practically no new developments observable to-day in the negotiations for peace between Russia and Japan. President Roosevelt, for a day or two, has been deeply engrossed in other matters and while not for a moment losing sight of the arrangements for bringing together the far eastern belligerents has insisted that the next move in the game diplomatic was with the contending nations themselves. That move is the selection of the envoys to represent them at the Washington conference.

Both Minister Takahira and Ambassador Cassini called on the president this afternoon, but neither divulged the nature of the conference. Count Cassini remarked that the negotiations were moving forward smoothly and that he had not conveyed to President Roosevelt the names of the plenipotentiaries who would represent Russia or had he received from the president the names those of Japan.

JAPANESE TURN RIGHT FLANK OF RUSSIAN ARMY.

St. Petersburg, June 19.—General Linovitch, under date of June 17, telegraphed the emperor as follows:

"A turning movement on the right flank was executed by a battalion of Japanese infantry and three squadrons of cavalry at about 8 o'clock this morning. Our right flank was turned by a regiment of infantry, several squadrons of cavalry and some artillery. The commander of our detachment was consequently forced to evacuate Liao Yang Wopeng and the Japanese force entered the town with a division of infantry, thirty squadrons of cavalry and four batteries of artillery. Three Japanese squadrons occupied Simlaochen, but our detachment forced them to evacuate the place."

"At dawn to-day the Japanese infantry resumed the offensive eastward of the railway, but were dislodged by a detachment of volunteer sharpshooters. According to reports from Korea the enemy is advancing in the direction of Koncheng and Munsan."

Telegraphing on June 18 General Linovitch said there had been no change in the situation.

PRELIMINARIES ARE NECESSARILY SLOW.

Washington, June 19.—While the progress of the preliminary negotiations for peace between the far eastern belligerents is necessarily slow at this stage of the proceedings it is known that President Roosevelt hopes they practically may be concluded before he shall go to Oyster Bay for the summer. His desire to facilitate in every way possible, the negotiations induced him to reconsider his original plan to go to Oyster Bay this week. After his visit to Worcester and Williamstown, Mass., where he will go to attend the commencement exercises of Clark University and Williams College, he will return to Washington, arriving here Tuesday morning. It is expected, nothing unforeseen having occurred in the meantime, some definite announcement of the status of negotiations may be made soon after his return.

There is a possibility, even, that the selection of the plenipotentiaries of both Russia and Japan may be announced before President Roosevelt leaves to-morrow for Massachusetts.

A final determination of the seat of the conference having been reached, the president, in common with the political world is awaiting action of the belligerent nations as to their peace envoys. With that part of the program the president naturally has nothing to do. When the selections have been made the names of the envoys of the respective governments will be communicated to the president. By him they, in turn, will be communicated to the government's interested and formally announced to the world. It is the hope here that the arrangements for the conference may proceed

TRAGEDY FOLLOWS FAMILY QUARREL

By Associated Press. Los Angeles, June 19.—C. E. Thaisza, manager of a drug store in Pasadena, and his wife, were found in a ranch house near Glendale, several miles north of this city last night. A bullet in the man's forehead and one in the woman's breast show how they met their deaths. There were signs of a struggle in the house. The couple evidently quarreled and one had shot the other with a revolver and then committed suicide. Powder burns on the woman's dress indicate that she might have done the killing. The weapon used was a revolver. No reason is known for the quarrel and subsequent killing. The couple were each about 33 years old and resided in this city. They had gone to the ranch for an outing.
